Sir:

Submitted herewith is a listing of documents known to Applicants and/or their attorney in compliance with the requirements of 37 C.F.R. § 1.56. The sole listed document is an International Preliminary Examination Report (IPER) for corresponding international application PCT/US2005/001750. Since all of the documents cited in the IPER have already been cited in a previously filed IDS, they are not cited again herein. The submission of the enclosed IPER is being made out of an abundance of caution and should not be construed as an admission that Applicants necessarily believe that this document is material to the patentability of claims.

Applicant does not waive any rights to appropriate action to establish patentability over the listed documents should it be applied as a reference against the claims of the present application. This statement should not be construed as a representation that an exhaustive search of the relevant art has been made.

Consideration of the cited document and making the same of record in the prosecution of the above-captioned application are respectfully requested.

Applicants do not believe any fee is due for the submission of this Information Disclosure Statement. However, the Commissioner is hereby authorized to charge any fee deficiency to our Deposit Account No. 50-4056 under Order No. 7601/88254.

Respectfully submitted,
